

## Certificate of Analysis

# GSK923295

Catalog No. **BP-02476** · Lot **BP-02476L01** · CAS **1088965-37-0**

**FOR RESEARCH USE ONLY. NOT FOR HUMAN USE.**

## PRODUCT INFORMATION

|                   |                                                                 |
|-------------------|-----------------------------------------------------------------|
| Molecular formula | <b>C<sub>32</sub>H<sub>38</sub>ClN<sub>5</sub>O<sub>4</sub></b> |
| Molecular weight  | <b>592.1280</b>                                                 |
| Form              | <b>free base</b>                                                |

## LOT ANALYSIS

|                     |                                                                          |
|---------------------|--------------------------------------------------------------------------|
| HNMR                | <b>Conforms</b>                                                          |
| LC-MS               | <b>Conforms</b>                                                          |
| Purity (HPLC)       | <b>98.43%</b>                                                            |
| Appearance          | <b>White to yellow</b>                                                   |
| Recommended storage | <b>Powder -20°C, 3 years , 4°C, 2 years ; In solvent -20°C, 1 month;</b> |
